SUMMARY

Passionate front-end web developer with less than 1 year of experience using JavaScript, HTML5, and CSS, SASS, Bootstrap to build all aspects of the user experience and user interface for client-facing landing pages. Specializes in using ReactJS to build professional sites.

EXPERIENCE

Freelancer Frontend Developer

Mostaq

October 2021 - January 2022

- Created and designed over 4 different websites for different clients, with a focus on user experience and modern design trends.
- Developed and implemented a style guide for all webpages designed, to ensure a consistent look and feel across all websites.
- Received positive feedback from clients for the high quality of my work, with some stating that my designs were the best they had seen.

PROJECTS

Landing Page
